Good Shepherd Catholic Primary School

Coronavirus (COVID-19)
School Opening
September 2020

Handbook for Parents/Carers
Introduction

The government has announced that educational settings can open to all pupils in September, provided that additional safety measures are put in place to minimise the risk of coronavirus transmission. In line with the government’s direction, and following a robust risk assessment process, we are welcoming back pupils from Thursday 3rd September 2020.

We are so pleased to welcome you back and to thank you all for your support and understanding during the coronavirus (COVID19) pandemic.

We have put together this handbook to provide you with all the details of the measures that are being put in place to ensure the safety of our school community as we fully open. We hope this will address any of your concerns and reassure you that we have taken all the necessary precautions in preparing to welcome all our pupils back to school.

Guidance is changing frequently, however we will keep you updated through emails and our website.

Please feel free to call our office on: 020 8698 4173 if you have concerns. You will not be permitted to come onto the school site without prior permission.

---

In order to keep our school safe, we would like you to help us:

- Adhere to your child’s pick-up and drop-off times – ensuring you leave the school site promptly. Maintain social distancing with staff and other adults.
- Only communicate with the school via telephone or email
- Remain vigilant for the symptoms of coronavirus
- Keep your child at home if they develop symptoms or if any members of the household develop symptoms
- Ensure your child washes their hands before they leave for school and after they return home
- Helping your child understand the importance of infection control, good hygiene, and social distancing.

All this guidance is current, but things are changing daily. If there is a spike in cases, we may have to go into a local lockdown and different controls may be implemented.

We will endeavour to keep you updated with any changes as soon as we can

---

1. **Risk Assessment**

   The school has undertaken a robust risk assessment to identify all the risks and we have implemented control measures in line with the Government Guidance

2. **Symptoms**

   If anyone in your household becomes unwell with a new and persistent cough or a high temperature above 37.5c, or has a loss of, or change in, their normal sense of taste or smell (anosmia), you must not come to the school and stay at home and follow ‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’, which sets out that they should self-isolate for at least 10 days and should arrange to have a test to see if they have coronavirus (COVID-19).
Please notify the school office via telephone as soon as possible if your child, or somebody in your household, is showing symptoms of coronavirus and your child cannot come into school.

3. **Testing**

All pupils, and members of their households, will be able to access a test if they are displaying symptoms of coronavirus. If your child is displaying symptoms, we would strongly advise that you access a test.

There is information about how you can access a test on the NHS website: https://www.nhs.uk/conditions/coronavirus-covid-19/testing-and-tracing/.

You can also call NHS 119

Where possible, we will provide a home testing kit for you to ensure that your child and other members of your household can easily access a test.

If your child is sent home from school with symptoms and subsequently takes a test, you must inform the school of the results as soon as possible. If the test is negative, your child can return to school when they feel better. If the test is positive, your household will need to continue the self-isolation period.

**We encourage you to inform the school immediately of test results.**

You may also need to engage with the NHS Test and Trace programme, meaning that you need to be ready and willing to:

- Book a test if your child or another member of your household displays symptoms.
- Provide details of anyone your child has been in close contact with if they were to test positive for coronavirus or are asked by NHS Test and Trace.
- Allow your child to self-isolate if they have been in close contact with someone who develops coronavirus symptoms or someone who tests positive.

4. **Procedure for Pupil Displaying Symptoms of Covid 19**

It is extremely important that all parents and pupils remain vigilant regarding preventing, identifying and minimising the spread of coronavirus.

We ask, therefore, that you do not send your child to school if they have any of the following symptoms.

- A high temperature, above 37.5c, – this means they feel hot to touch on their chest or back
- A new, continuous cough – this means coughing a lot for more than an hour, or three or more coughing episodes in 24 hours (if they usually have a cough, it may be worse than usual)
- A loss of, or change in, their normal sense of smell or taste – this means they cannot smell or taste anything, or things smell or taste different to normal

It is also important that you do not send your child to school if somebody in your household has tested positive for, or has symptoms of, coronavirus.

If your child becomes unwell at school and shows symptoms of coronavirus, the school will take the following immediate actions:

- Your child will be asked to self-isolate in school using a designated well ventilated area within the main school hall.
- Your child will be supervised while waiting for collection
You must come to collect your child as soon as possible.
We would ask that you have your child tested for coronavirus.
You will be encouraged to engage with the NHS Test and Trace programme.

If an individual in your child’s class tests positive for coronavirus, the school will send the individual’s close contacts home to self-isolate for 14 days.

Close contacts include:
- Direct close contacts – anyone in face-to-face contact with the individual for any length of time, within 1 metre – this includes face-to-face conversation, unprotected (skin-to-skin) physical contact or being coughed/sneezed on.
- Proximity contacts – anyone in extended close contact with the individual, within 1 to 2 metres for over 15 minutes.
- Travelling in a small vehicle, e.g. a car, with the individual.

We will notify you if this is the case and ask that you pick your child up from school as soon as possible. While pupils are awaiting collection, they will remain in their classroom and be able to access one toilet.

All parents will also be informed that a positive case has been identified although it will be clear that your child has not been a close contact of the identified case.

5. Social Distancing
To reduce the risk of transmitting the coronavirus in our school, social distancing measures will be implemented. We expect pupils to follow these rules; however, we understand that some pupils may be unable to fully understand social distancing principles, e.g. because of their age or needs. Staff will work with all pupils to ensure their safety and positively reinforce good social distancing behaviour.

We have implemented:
- Systems are in place for children and staff to move around the school
- Desks and chairs in classrooms arranged to maintain space
- Staggered lunch and break times
- Assigned toilets to “bubbles”
- Signage and markings to encourage social distancing

6. Arrangements
To increase the effectiveness of social distancing with all staff and pupils attending school, we have made the decision to have children in year group bubbles.

Children will still work in their individual classes as much as possible but will be in year groups when they are on the playground and at lunchtimes. They will also share some of their year group resources.

- We will endeavour to ensure that individuals within a bubble do not mix with members of another bubble.
- Some staff may have to move between bubbles to deliver a full curriculum, assist classroom staff, deal with an emergency situation, to provide cover etc. However they will ensure social distancing is maintained and robust hand washing procedures.
• Each bubble will have its own classroom, learning areas and designated outdoor areas for breaktimes and PE lessons.
• Each bubble will have their own classroom and outdoor resources which will not be shared with other bubbles. These resources will be frequently cleaned.
• Desks and chairs will be forward facing in year groups in KS2, Years 3, 4, 5 and 6 and as far apart as possible. Furniture has been removed from certain classes to provide extra space.
• Children in YEARS 2-6 will be issued with their own stationery sets and will not be shared.
• Any equipment or resources that are shared with other bubbles will be thoroughly cleaned or taken out of use (for the 72 hours) before being used by another bubble.
• We request that pupils do not bring in non-essential items from home.
• Pupils will be able to take home books and resources from their class to aid with their education. When returned they will be taken out of circulation for 72 hours before they can be used by others in the bubble.
• Each bubble will be allocated specific toilets which will be cleaned regularly during the day.
• Tissues, soap, paper towels and hand sanitisers will be available in each class.
• Contact points and surfaces will be cleaned and sanitised regularly during the school day.

We request that your child only brings into school:
• A water bottle – which can be refilled in their classroom
• Packed lunches, if required will be kept in the classroom
• Essential medication and medical equipment
• Coats and other essential outdoor wear
• School bag

PE lessons will continue throughout the Autumn term. Children in Year groups 1-6 will need to wear their PE kit to school on their PE day. Your child’s class teacher will inform you of the class PE day. PE will take place outside therefore by end of Autumn half term, 23rd October, children will need a tracksuit for outdoor games and PE. Swimming will not be taking place in the Autumn term.

7. Travelling to School
Pupils should walk or cycle to school or be dropped off by only 1 member of their household where possible.

Public transport should be avoided; however, if you need to use public transport to get to school, you should try to avoid peak times and follow guidelines on social distancing and wearing protective clothing, e.g. face masks / face coverings.

8. Face Coverings / Masks

Public Health England does not (based on current evidence) recommend the use of face coverings in schools. This evidence will be kept under review. They are not required in schools as pupils and staff are mixing in consistent groups, and because misuse may inadvertently increase the risk of transmission.

If your child wears a mask / face covering to school, when they arrive they will need to place their mask in their school bag or give to their parent at the school gate. If a disposable mask is worn this will need to be thrown away in the class lidded bin.

9. **Drop off and Pick Up**
Drop off and pick up times will be staggered in order for us to adhere to social distancing guidelines as much as possible. We ask that pupils are dropped off or picked up by only one accompanying adult.

Parents / Carers will not be permitted to enter the school building or gather in groups within or outside of the school premises.

The table below outlines class / bubble year group gate to enter and exit, start and finish times –

<table>
<thead>
<tr>
<th>Class</th>

10. **Uniform**
We expect all our pupils to attend school in full uniform in the Autumn term. Uniform does not need to be washed or cleaned any more than normal. If you wish to purchase school uniform, please telephone the school office on 020 8698 4173.

11. **Infection Control**
Strict infection control measures are an important aspect of keeping all staff and pupils safe and healthy in our school. This means that we will be enforcing new rules to ensure that good hand and respiratory hygiene is consistently maintained.
We expect pupils to follow these rules; however, we understand that some pupils may be unable to fully understand infection control principles, e.g. if they are very young or have special educational needs.

Staff will work with all pupils to ensure their safety and positively reinforce good infection control behaviour where necessary.

Pupils will be instructed to wash their hands at various times during the day including:
- On arrival
- After removal of their face mask / covering
- Before and after playtime
- Before and after lunch
- After using the toilet
- After PE
- After coughing or sneezing
- If they change rooms (IT Suite, main hall etc)

Pupils will wash their hands for at least 20 seconds using soap and water or use the sanitiser. Young pupils and pupils with educational needs will be supervised when doing this.

We have also enhanced our cleaning regimes to include additional cleaning / sanitising of classrooms, toilets, surfaces, contact points (door handles, switches, handrails, phones etc). Staff and visitors will also be required to follow stringent infection control measures.

We have disconnected all out water fountains but pupils will have access to drinking water within their classroom.

12. **Lunchtime arrangements**

<table>

### KS2 playground

| Year 3 | KS2 playground Zones D,E,F,G on weekly rota. **10.20-10.35am** | KS2 playground Zones D,E,F,G on weekly rota. | 12:30 | 1.30pm |
| Year 4 | KS2 playground Zones D,E,F,G on weekly rota. **10.20-10.35am** | KS2 playground Zones D,E,F,G on weekly rota. | 12:40 | 1.30pm |
| Year 5 | KS2 playground Zones D,E,F,G on weekly rota. **10.35-10.50am** | KS2 playground Zones D,E,F,G on weekly rota. | 12:50 | 1.30pm |
| Year 6 | KS2 playground Zones D,E,F,G on weekly rota. **10.35-10.50am** | KS2 playground Zones D,E,F,G on weekly rota. | 1:00 | 1.30pm |

- Children with packed lunches will eat within their bubble year group.
- The dining hall will be split into two separate areas to accommodate 2 bubbles with social distancing of 2m between bubbles.
- Dining tables and stools will be sanitised after each bubble sitting.
- Children will no longer take their cutlery from the cutlery tray. Cutlery will be given to each individual child from the serving hatch.

13. **Visitors**
Visitors are not permitted to come onto our school site without a prior appointment or if it is absolutely necessary, e.g. for essential building works or to provide essential support to a pupil – this also applies to parents. Parents that need to come into school will need to make an appointment first. Please call the school office if you wish to meet with a member of staff.

Meetings will only be held where absolutely necessary and ensuring social distancing.

14. **Breakfast and After School Clubs**
Extended services will not be in operation during the Autumn term.

**First Aid / Intimate Care**
There have been significant changes to our first aid and intimate care procedures to ensure we have effective hygiene controls in place.

Additional personal protective equipment has been issued to staff and where possible social distancing will be maintained.

The accident / incident reporting procedure will remain unchanged.

If you are called to collect your child after an accident you will be able to collect your child from the school office main gate.

15. **School Trips**
The government has advised that school trips abroad and other overnight trips do not go ahead until further notice.

Our school is not currently planning or arranging any new school trips at this time.

16. **Assemblies / Gatherings / Events**
The government has advised that school do not hold full school assemblies at this time.
We may hold year group / bubble assemblies, but no parents / carers will be invited.

We will not be organising any events or gatherings for the foreseeable future this includes Friends of Good Shepherd events and our Stay and Play group. The school are hopeful of Friends of Good Shepherd being able to support the children in other ways.

17. **Curriculum**
It is important that as a school we sharpen our focus on supporting pupils “health and wellbeing” and help them back into school life successfully.

We will:

- Increased outdoor learning, where possible
- Continue with PE lessons – noncontact sport and only in groups from their bubble. Children must come to school dressed in PE kit/tracksuit on their PE day.
- Music: Singing lessons to take place in groups of up to 15 from the same bubble. Recorder lessons for Year 3 and 4 to take place in groups of up to 15 from the same bubble. Children must not stand/sit opposite each other when singing or playing wind or brass instruments.
• Computing lessons will take place in each class with their own year group resources e.g. class ipads.
• Catch up: We will apply our curriculum model in its fullest and identify gaps in core learning that need to be negated over a period of time, with additional intervention where needed. During September, children will be reminded of all of their hard work during the previous year and the expectations for the coming year, e.g. our Catholic school values and great learning behaviours. Our September 2020 curriculum will continue as planned. This includes our updated curriculum maps and our skills, knowledge and progression maps for each year group.

18. **Behaviour**
For our school to remain safe for pupils and staff to return, we have implemented additional rules with regards to social distancing and infection control.

Pupils will be expected to follow these rules however we understand that they may be difficult for the young pupils or those with additional educational / behavioural needs, so each situation will be considered individually.

We will expect pupils to:
• Partaking in additional hand washing.
• Not to behave in a way that puts others at risk
• Maintain social distancing where possible.
• Not mix with other pupils from different bubbles
• Adhere to all the classroom / bubble hygiene rules

19. **Clinically Vulnerable**
If your child is considered clinically vulnerable, clinically extremely vulnerable, was previously 'shielding’, or lives with somebody who was shielding, they are now able to return to school.

If your child is considered clinically vulnerable or clinically extremely vulnerable, you may wish to contact your child’s GP to discuss whether additional safety measures need to be put in place to ensure it is safe for them to attend school.

If, after speaking with their GP, you decide that your child will need additional safety measures in place to attend school safely, e.g. wearing a face covering, please contact the headteacher via the school office.

Paul Moriarty, Headteacher, 25th August 2020
